

The next patterns that I'll be releasing tell the story of a fun-loving group of quilting witches that get together with their vintage trailers and have Quilting Campouts! They have campfire sing-alongs/dance-alongs... special instructors for quilting and stitching projects... vendors (In their cute trailers too of course!)... pot luck suppers (I don't know that I'd want to eat most of what's served! YIKES!!)... and fun excursions.

We'll be introducing these 13 patterns (OF COURSE THERE ARE 13!... It's a lucky number for witches!) four at a time per month, all summer long. The 13th... the assembly pattern... will be released in October.

I wanted everybody to know what's coming because I'm using colored pencils for these! It will give you a more vividly colored look and is washable. The colored pencils open up a whole new world of possibilities because of their washability, such as useable kitchen and children's projects in the future. I hope you'll enjoy a new technique to play with. I know I'm excited!

Anyway... these are the supplies you'll need. There are other brands but I'm giving you what I have used. I can't vouch for brands I haven't tested myself. I find Blick Art Supply to be a reliable place to find most everything on this list of supplies, and the grocery store for the rest!

Grocery or Craft Store:

Emery board/nail file (for sharpening and cleaning your blending stumps)

LocTite Fun Tak Mounting Putty (it acts as an eraser) found in picture hanging or adhesive area.

Reynolds Freezer Paper

Craft or Art Supply Store:

Artist's gray paper blending stumps. I use sizes 1,2,3,& 4. It's nice to have a few of each...they're very inexpensive.

Size 6 - 6mm flat sable watercolor brush. A good quality brush won't lose hairs while you paint, whereas a cheap craft one will.

Jacquard Textile Paint - 100 Colorless Extender (8 oz jar is WAY enough!)

I don't suggest getting a full set of pencils because you'll be stuck with so many of them that you may never use. I've listed the colors used in this design.
